## ABOUT US

The purpose of the Partnership is to provide a strategic and collaborative approach to addressing local crime & disorder within the Borough by reducing the levels of disorder including crime, anti-social behaviour, the misuse of drugs and reoffending.

Safer Brentwood is all about partnership working and strongly believes that communication is key. Safer Brentwood uses Twitter (475+ followers), has a dedicated website and a Newsletter to communicate with the community. It is estimated that the newsletter reaches 3000+ readers.

The partnership delivers over 60 engagement events a year which includes regular sessions in the local libraries, community hospital, and community halls. These engagement sessions are delivered primarily by Peter Salmon, Brentwood's Neighbourhood Watch (NHW) co-ordinator and the aim is to provide crime prevention advice and give residents the opportunities to express their views on community safety issues.

## COMMUNITY ENGAGEMENT

## WHO WE ARE

## TEAMWORK IS OUR STRENGTH

Under the Crime & Disorder Act 1998, Community Safety Partnerships (CSPs) are required to work together in formulating and implementing strategies to tackle local crime and disorder, misuse of drugs, reduce reoffending in the area and to have in place a partnership plan setting out their priorities.

The Partnership Plan takes forward the priorities identified by residents and data from the Strategic Intelligence Assessment and sets out how the partnership will work together over the next twelve months in order to tackle these priorities.
