INTERNAL AUDIT STRATEGIC PLAN 2019-22	10
APPENDIX I	12

## AUDIT RISK ASSESSMENT

#### Background

Our risk based approach to Internal Audit uses the Council's own risk management process and risk register as a starting point for audit planning as this represents the client's own assessment of the risks to it achieving its strategic objectives.

The extent to which we can rely on management's own perception of risk largely depends on the maturity and effectiveness of the Council's own risk management arrangements. In estimating the amount of audit resource required to address the most significant risks, we have also sought to confirm that senior management's own assessment of risk accurately reflects Brentwood Borough Council's current risk profile.

#### Planned approach to internal audit 2019/20

The indicative Internal Audit programme for 2019/20 is shown from page 6, with an indicative strategic plan for 2019-2022 shown from page 10. In producing this plan we met with the Section 151 officer, who also sought feedback from the other Executive Directors. This plan will be presented at the March Audit and Scrutiny Committee meeting. We will keep the programme under continuous review during the year and will introduce to the plan any significant areas of risk identified by management during that period.

The plan is set within the context of a multi-year approach to internal audit planning, such that all areas of key risks would be looked at over a three year audit cycle. In setting the number of days in the plan we have assumed that the control environment within the Council will improve as we work with you to address the issues you have.

#### Individual audits

When we scope each review, we will reconsider our estimate for the number of days needed to achieve the objectives established for the work and to complete it to a satisfactory standard in light of the control environment identified within the Council. Where revisions are required we will obtain approval from the appropriate Executive Director prior to commencing fieldwork.

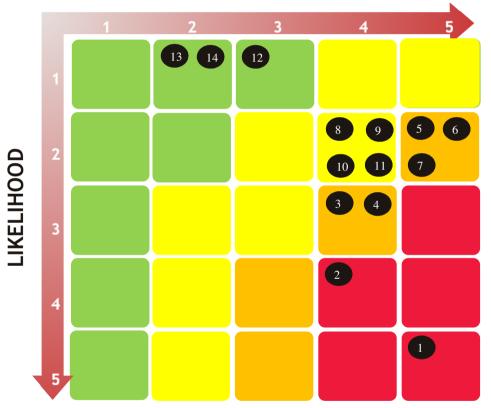

In determining the timing of our individual audits we will seek to agree a date which is convenient to the Council and which ensures availability of key management and staff.

#### Variations to the Plan

We review the three year strategic plan each year to ensure we remain aware of your ongoing risks and opportunities. Over the coming pages we have mapped your key risks along with the audit work we are undertaking, demonstrating we are focussing on your most important issues.

As such our strategic audit programme follows the risks identified during our planning processes and confirmed via discussions with the Executive Directors.

## **APPENDIX I** Internal Audit Charter - Role and Scope of Internal Audit

#### Purpose of this charter

This charter is a requirement of Public Sector Internal Audit Standards (PSIAS).

The charter formally defines internal audit's mission, purpose, authority and responsibility. It establishes internal audit's position within Brentwood Borough Council and defines the scope of internal audit activities.

The charter shall be reviewed and approved annually by management and by the Audit and Scrutiny Committee.

#### Internal audit's mission

Internal audit's mission is to enhance and protect organisational value by providing risk-based and objective assurance, advice and insight.

#### Standards of internal audit practice

To fulfil its mission, internal audit will perform its work in accordance with PSIAS, which encompass the mandatory elements of the Institute of Internal Auditors (IIA) International Professional Practices Framework (IPPF): Definition of Internal Auditing, Code of Ethics, and International Standards for the Professional Practice of Internal Auditing.

#### Internal audit definition and role

Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes.

Internal audit acts primarily to provide the Audit and Scrutiny Committee with information necessary for it to fulfil its own responsibilities and duties. Implicit in internal audit's role is that it supports management to fulfil its own risk, control and compliance responsibilities. The range of work performed by internal audit is set out in PSIAS and not repeated here.

#### Internal audit's scope

The scope of internal audit activities includes all activities conducted by Brentwood Borough Council. The Internal Audit Plan sets out those activities that have been identified as the subject of specific internal audit engagements.

The provision of assurance services is the primary role for internal audit in the UK public sector. This role requires the chief audit executive to provide an annual internal audit opinion based on an objective assessment of the framework of governance, risk management and control.

Assurance engagements involve the objective assessment of evidence to provide an independent opinion or conclusions regarding an entity, operation, function, process, system or other subject matter. The nature and scope of the assurance engagement are determined by internal audit.

Consulting engagements are advisory in nature and are generally performed at the specific request of management, with the aim of improving governance, risk management and control and contributing to the overall opinion. The nature and scope of consulting engagement are subject to agreement with management. When performing consulting services, internal audit should maintain objectivity and not assume management responsibility.

#### Effective internal audit

Our internal audit function is effective when:

- It achieves the purpose and responsibility included in the internal audit charter
- It conforms with the Standards
- Its individual members conform with the Code of Ethics and the Standards
- It considers trends and emerging issues that could impact the organisation.

The internal audit activity adds value to Brentwood Borough Council (and its stakeholders) when it considers strategies, objectives and risks, strives to offer ways to enhance governance, risk management and control processes and objectively provides relevant assurance.

We will agree with you an audit plan for a total number of days activity. Once agreed, we will turn this into a cash budget which we will work to, in order to ensure that you have certainty around the fees you will pay us.

#### Independence and internal audit's position within Brentwood Borough Council

To provide for internal audit's independence, its personnel and external partners report to the Head of Internal Audit, who reports functionally to the Audit and Scrutiny Committee. The Head of Internal Audit has free and full access to the Chair of the Audit and Scrutiny Committee. The Head of Internal Audit reports administratively to the Section 151 Officer who provides day-to-day oversight.

The appointment or removal of the Head of Internal Audit will be performed in accordance with established procedures and subject to the approval of the Chair of the Audit and Scrutiny Committee.

The internal audit service will have an impartial, unbiased attitude and will avoid conflicts of interest. The internal audit service is not ordinarily authorised to perform any operational duties for Brentwood Borough Council.

In the event that internal audit undertakes non-audit activities, safeguards will be agreed to ensure that independence or objectivity of the internal audit activity are not impaired. This might include a separate partner review of the work or a different team undertaking the work. Approval of the arrangements for such engagements will be sought from the Audit and Scrutiny Committee prior to commencement.

In the event that internal audit provides assurance services where it had previously performed consulting services, an assessment will be undertaken to confirm that the nature of the consulting activity did not impair objectivity and safeguards will be put in place to manage individual objectivity when assigning resources to the engagement. Such safeguards will be communicated to the Audit and Scrutiny Committee.

Internal audit must be free from interference in determining the scope of internal auditing, performing work and communicating results. Should any interference take place, internal audit will disclose this to the Audit and Scrutiny Committee to discuss the implications.

#### Internal audit's role in fraud, bribery and corruption

Management, not internal auditors are responsible for the prevention and detection of fraud, bribery and corruption. Auditors will, however, be alert in all their work to risks and exposures that could allow fraud or corruption as well as seeking to identify indications that fraud and corruption may have been occurring. Audit procedures alone, even when performed with due professional care, cannot guarantee that fraud and corruption will be detected. In the event that internal audit suspect a fraud, this will be referred to appropriate management in the first instance and then the Audit and Scrutiny Committee.

#### Access to records and confidentiality

There are no limitations to internal audit's right of access to Brentwood Borough Council's officers, records, information, premises, or meetings which it considers necessary to fulfil its responsibilities.

When the auditors receive confidential information about your affairs it shall at all times be kept confidential, except as required by law or as provided for in regulatory, ethical or other professional pronouncements applicable. All information will be maintained in line with appropriate regulations, for example the Data Protection Act 2018 and GDPR.

#### Coordination and reliance with other assurance providers

In co-ordinating activities internal audit may rely on the work of other assurance and consulting service providers.

A consistent approach is adopted for the basis of reliance and internal audit will consider the competency, objectivity, and due professional care of the assurance and consulting service providers. Due regard will be given to understanding of the scope, objectives and results of the work performed by other providers of assurance and consulting services.

Where reliance is placed upon the work of others, internal audit is still accountable and responsible for ensuring adequate support for conclusions and opinions reached by the internal audit activity.

#### Internal audit's commitments to Brentwood Borough Council

Internal audit commits to the following:

- working with management to improve risk management, controls and governance within the organisation
- performing work in accordance with PSIAS
- complying with the ethical requirements of PSIAS
- dealing in a professional manner with Council staff, recognising their other commitments and pressures
- raising issues as they are identified, so there are no surprises and providing practical recommendations

- liaising with external audit and other regulators to maximise the assurance provided to Brentwood Borough Council
- Reporting honestly on performance against targets to the Audit and Scrutiny Committee.

#### Internal audit performance measures and indicators

The tables below contain some of the performance measures and indicators that are considered to have the most value in assessing the efficiency and effectiveness of internal audit.

The Audit and Scrutiny Committee should approve the measures which will be reported to each meeting and / or annually as appropriate. In addition to those listed here we also report on additional measures as agreed with management and included in our Progress Report.

#### Quality assurance and improvement programme

As required by PSIAS an external assessment of the service will be performed at least every five years. BDO also has an internal quality assurance review process in place, which takes place annually. This is performed by a separate team independent to the internal audit team.

The results of internal and external assessments will be communicated to the Audit and Scrutiny Committee as part of the internal audit annual report, along with corrective action plans.

#### Table One: Performance measures for internal audit

#### Measure / Indicator

#### Audit Coverage

Annual Audit Plan delivered in line with timetable

Actual days are in accordance with Annual Audit Plan

#### Relationships and customer satisfaction

Customer satisfaction reports - overall score at average at least 3.5 / 5 for surveys issued at the end of each audit.

Annual survey to Audit and Scrutiny Committee to achieve score of at least 70%

External audit can rely on the work undertaken by internal audit (where planned)

#### Staffing and Training

At least 60% input from qualified staff

#### Audit Reporting

Issuance of draft report within 3 weeks of fieldwork `closing' meeting

Finalise internal audit report 1 week after management responses to report are received.

#### Audit Reporting (continued)

90% recommendations to be accepted by management

Information is presented in the format requested by the customer.

#### Audit Quality

High quality documents produced by the auditor that are clear and concise and contain all the information requested.

Positive result from any external review

#### Management and staff commitments to Internal Audit

The management and staff of Brentwood Borough Council commit to the following:

- providing unrestricted access to all of Brentwood Borough Council's records, property, and personnel relevant to the performance of engagements
- responding to internal audit requests and reports within the agreed timeframe and in a professional manner
- implementing agreed recommendations within the agreed timeframe
- being open to internal audit about risks and issues within the organisation
- not requesting any service from internal audit that would impair its independence or objectivity
- providing honest and constructive feedback on the performance of internal audit

#### Management and staff performance measures and indicators

The following three indicators are considered good practice performance measures but we go beyond this and report on a suite of measures as included in each Audit and Scrutiny Committee progress report.

#### Table Two: Performance measures for management and staff

#### Measure / Indicator

#### **Response to Reports**

Audit sponsor to respond to terms of reference within one week of receipt and to draft reports within two weeks of receipt

#### Implementation of recommendations

Audit sponsor to implement all audit recommendations within the agreed timeframe

#### Co-operation with internal audit

Internal audit to confirm to each meeting of the Audit and Scrutiny Committee whether appropriate co-operation has been provided by management and staff
