Scope

The scope of the Performance Indicators and Formal Complaints Working Group is set out below:

- 1. To monitor and consider the Council's service Performance Indicators.
- 2. To consider in detail Formal Complaints received by the Council.
- 3. To consider how Performance Indicators and Formal Complaints are reported to the Audit & Scrutiny Committee
- 4. To make recommendations to the appropriate Audit & Scrutiny Committee.

Meeting Date

1st December 2020

Attached as Addendum 1 are the notes of the meeting.

Terms of Reference

The Working Groups Terms of Reference are attached at Addendum 2

1. Report Recommendations

The report recommendations are set out in full below.

R.1 - That the working group continue to monitor the outcomes of the Formal Complaints for Q3 2020/21.

R.2 - That the working group continue to monitor the outcomes of the Performance Indicators for Q3 2020/21.

2. Introduction

- 2.1 The council operates a two stage complaints process for customers to take issue with any perceived failure to provide a service, failure to respond to requests or failure to adhere to standards on the part of the council and its officers.
- 2.2 The council uses a variety of performance indicators to monitor how well services are performing in meeting the needs of service users. The council has set of key indicators of performance, the "toplines". The toplines include a variety of indicators that relate to the delivery of the council's priorities.
- 2.3The toplines measure performance across a range of council activity including: planning, housing, streetscene and revenue and benefits.

3. Explanation of Recommendations

Recommendation 1

That the working group continue to monitor the outcomes of the Formal Complaints for Q3 2020/21.

Explanation

To continue to monitor formal complaints quarterly to identify common themes, trends or concerns.

Recommendation 2

That the working group continue to monitor the outcomes of the Performance Indicators for Q3 2020/21.

Explanation

To monitor associated annual or quarterly trends and identify areas of performance concern.

1. Welcome

The Chair welcomed all present to the meeting, which was the second meeting of the group this financial year.

2. Terms of Reference

These are attached to these minutes.

4.1 Formal Complaints

A presentation on formal complaints received for Q2 2020/21 was provided to the working group (Addendum 3) by SS.

Directors provided explanations for the formal complaints within their directorates.

During the Housing discussion RH noted an increase in the overall volume of Housing complaints. TL informed the group that this is being closely monitored for themes and lessons learnt.

18:10 DN joined the meeting

CN raised that a previous presentation provided by the repairs contractor demonstrated very low numbers of missed appointments, yet this was a cause of some complaints. TL noted that some complaints were in relation to other contractors and will work to understand the comparisons.

During the street scene discussion, RH queried whether there were plans to re-issue food waste caddies to residents. GC confirmed that there are no plans to conduct this, however, further consideration would be given to a promotion on this.

Action: GC to consider food waste campaign inc. distribution of caddies

GC informed the group that tonnage data per waste stream will be presented to Environment, Enforcement & Housing Committee on 8th December 2020.

CN queried when the Council is likely to receive decisions on the outstanding LGO complaints. SS informed the group that LGO and Housing Ombudsman casework was suspended over the Spring and that there are large backlogs. The outcomes will, however, be presented to the group when they are received.

Working Group Action:

1. For the working group to monitor these complaints against future quarters to identify concerns or themes.

4.2 <u>Performance Indicators</u>

The working group were provided with data for the council's key Performance Indicators (PIs) for Jul-Sept 2020 (Addendum 4)

TL reviewed the Housing PI's individually. ST congratulated the Housing team for their efforts to recoup rent arrears in a very challenging climate.

In relation to PI E01 & E02, CN asked GC whether some associated finance data can be incorporated.

Action: GC to investigate

SS reviewed the Finance, Revs & Bens, Customer Service and Planning PI's with the group. SS informed the group that a new HR system, due for implementation next year, will track sickness better and provide more detailed information.

RH queried whether Council Tax collection was as expected. SS informed the group that the result is pleasingly close to target, considering the current climate.

CN asked whether more detailed website analytics could be provided to identify areas of high traffic etc.

Action: SB to provide a more detailed web report at the Q3 Working Group.

At the last Working Group, TB requested a breakdown of Officer/Member appeals and SS provided an update to the group that this will be incorporated into a report for Planning committee in the near future.

Working Group Action:

 For the working group to continue to review progress of Performance Indicators for each quarter of 2020/21.

We have a select few which we have identified will need court action but officers continue to call, letter and cold call these persons until we can get a court date for a gas warrant. It is important to note the outstanding properties are non covid related but, instead, tenants who refused to allow us in or have been uncontactable. Officers will be following up with tenancy action where needed.

This allows us to focus on those not paying, not reducing their arrears at all or by enough and those who pay sporadically. The increased collection from the latter has offset the increase in people now not paying so we expect the figures to continue fluctuating throughout the remainder of the financial year.

Website sessions remain significantly higher than the previous year. There has been a 'shift' to customers using our online services to access Coronavirus information and to interact with the Council while the Town Hall is closed. We hope to continue to embrace this shift and encourage more residents, who are able to, to access our digital services first.
