

FEES & CHARGES SCHEDULE AND CHARGING DIRECTORIES FROM 2022/23 ONWARDS

Committee: Policy, Resources & Economic Development
Service Area: Parking

Objectives/rationale of the fee/charge (e.g. Full cost recovery)

The primary objective of the charge is cost recovery. The level of charge also helps maintain the high level of service provision for the Borough.

Proposed change in fee/charge from previous year (%)

The increase proposed is 1.9% in line with the council's corporate increase regarding fees & charges. It is proposed no change to parking fees this year pending the outcome of the review which is taking place and the strategy that will be produced. However for information the fees for parking have been shown as increased by 1.9% rounded to the nearest tenth in clusive of VAT, should members wish to instruct an increase in line with inflation. this is based on the forecast CPI inflation increase for 22/23

Justification for revised charge (compared to previous year)

What benchmarking has been undertaken to inform level of fee/charge (when and frequency)?

No benchmarking undertaken this year as this will be undertaken as part of the strategy work, however flexible season ticket charges were benchmarked against Greater Anglia

If significant change in charge, what consultation was undertaken with the general public?

Expected budgeted income

£1,171,850
