Notes of the meeting on the 1st September 2022

Attached as Addendum 1 are the notes of the meeting on the 1st September 2022.

Terms of Reference

The Working Groups Terms of Reference are attached at Addendum 2

1. Report Recommendations

The report recommendations are set out in full below.

- R.1 That the working group continue to monitor the outcomes of the Formal Complaints for the 4th Quarter of 2021/22 and 1st Quarter of 2022/23.
- R.2 That the working group continue to monitor the outcomes of the Performance Indicators for the 4th Quarter of 2021/22 and 1st Quarter of 2022/23.

2. Introduction

- 2.1 The council operates a two stage complaints process for customers to take issue with any perceived failure to provide a service, failure to respond to requests or failure to adhere to standards on the part of the council and its officers.
- 2.2 The council uses a variety of performance indicators to monitor how well services are performing in meeting the needs of service users. The council has set of key indicators of performance, the "toplines". The toplines include a variety of indicators that relate to the delivery of the council's priorities.
- 2.3The toplines measure performance across a range of council activity including: planning, housing, streetscene and revenue and benefits.

3. Explanation of Recommendations

Recommendation 1

That the working group continue to monitor the outcomes of the Formal Complaints for the 4th Quarter of 2021/22 and first quarter of 22/23.

Explanation

To continue to monitor formal complaints quarterly to identify common themes, trends or concerns.

Recommendation 2

That the working group continue to monitor the outcomes of the Performance Indicators for the fourth quarter of 2021/22 and first quarter of 22/23.

Explanation

To monitor associated annual or quarterly trends and identify areas of performance concern.

1. Welcome

The Chair welcomed all present to the meeting.

2. Terms of Reference

These are attached to these minutes.

3. Formal Complaints

A presentation on formal complaints received for Q4 2021/22 and Q1 2022/23 was provided to the working group (Addendum 3A and 3B) by laed by SS with support from colleagues.

Quarter 4 - 2021/22

Overall number of complaints for 2021/22 were compared with previous years and the reduction in the number of complaints from 180 in 2020/21 to 132 in 2021/22 was noted. Of the 132 it was noted that 61 had been upheld by Officers. In addition, whilst it was noted there had been an improvement in responding to complaints in the last quarter at 89%, the overall yearly figure was 72%.

AA provided the working group an explanation of the Housing formal complaints that had been upheld in the 4th Quarter, advising there was a trend of a lack of communication with residents. She also advised that the Council had identified this issue and had developed a new Corporate Manager role to delay with this issue, and the Officer had started the same day as the meeting. Therefore, Officers were confident that there should be seen to be an improvement in communication with residents regarding Housing repairs and maintenance matters.

An improvement in street scene complaints regarding missed bins for this quarter was noted by the group for this quarter.

The working group then reviewed outstanding Local Government Ombudsman (LGO) and Housing Ombudsman complaints. Outcomes of outstanding investigations will continue to be reported to the working group as they are received.

Quarter 1 - 2022/23

The number of complaints for the first quarter of 2022/23 was noted at 41 with 20 upheld by Officers. This compared to 38 received and 16 upheld in the first quarter of 2020/21. In addition, it was noted the performance in responding to complaints in the first quarter was 68% compared to the 4th Quarter 2020/21 of 89%. SS advised that this was due to resource issues within several departments and dealing with other matters.

AA advised members that the upheld Housing formal complaints followed the same trend as the 4th Quarter 2020/21.

The Working Group noted that despite the improvement in the 4th Quarter in 2020/21 out of the 10 upheld formal complaints in Quarter 1 2021/22 6 were for missed collections. GC confirmed that there was no pattern for the missed collections and was not necessarily the same crew.

The working group then reviewed outstanding Local Government Ombudsman (LGO) and Housing Ombudsman complaints. Outcomes of outstanding investigations will continue to be reported to the working group as they are received.

Working Group Action:

1. For the working group to monitor these complaints against future quarters to identify concerns or themes.

4. Performance Indicators

Quarter 4 – 2021/22

The working group were provided with data for the council's key Performance Indicators (PIs) for Q3 2021/22 and Q1 2022/23 (Addendum 4A and 4B). The working group noted that the percentage of PIs meeting their target had increased from 42% in Quarter 3 to 58% in Quarter 4.

Quarter 1 - 2022/23

The working group noted that the percentage of PIs meeting their target had decreased from 58% in Quarter 4 to 23% in Quarter 1 in 2022/23.

RH advised that he had a separate meeting with Street Scene Officers regarding the waste and recycling PI's (as requested at a previous working group). The changes to these PIs which had provided a more consistent approach to the reporting of the PI's had also contributed to the initial decline of performance against targets. GB suggested it would be interesting to see the recycling figures in 2008 for a comparison.

Officers advised members that this had been due to the economic climate beginning to impact on council tenant's income increasing arrears. Further detailed work was being undertaken by Housing Officers to both understand and consider various options to assist this.

In addition, the Revenue and Benefit PI's was in part lower in performance for the first quarter due the impact and increase in admin and customer contact received in relation to the Council Tax Energy Rebate.

TL gave the working group an update on the actions being undertaken by Officers in relation to the current economic issues including the Council website signposting residents, supporting community groups, working with ECC and other districts. This along with other actions are included within an action plan that is being monitored and updated by Officers.

In relation to EO1 and EO2 (% of invoices paid within 20/30 days) SS advised the group that the council had recently moved to 'No Purchase Order No Pay'. This was a cultural change within the organisation and whilst having an initial effect on performance this was now improving.

Working Group Action:

1. For the working group to continue to review progress of the quarterly Performance Indicators.

5. Any Other Business

None

6. Date of next meeting

24th October 2022.

Housing Register: 154 Transfer Register: 199 Following the completion of the council's housing register re- registration project in line with the new Allocations Policy, our figures have decreased quite significantly. We have benchmarked our post re- registration figures with neighbouring boroughs and have identified that this is a reasonable response at this stage. We forecast a steady increase in applicants who continue to re-apply to join the register. |

Q4 2021/22

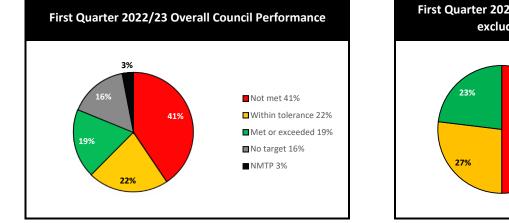

Our weighted average rent arrears is the highest it has ever been. In addition to this, we are seeing new arrears cases for accounts that have no record of being in debt previously. Officers have been advised to process 100% of recommendations and new officers are being trained to take over a larger portion of the processing. We have spoken to Rent Sense and they have provided us with an analysis of the Social Housing Sector across the UK, this data suggests that due to numerous social and economic factors, council tenants are going to see a sharp decrease in any disposable income and will fall into arrears.

Absence figures for Q4 compared to this time last year have increased. This is due to a number of employees off due to long term absences (28 days or more). With the main reason for long term absence being long covid, skin disorder and a heart condition. We continue to support managers over the last quarter and through managing absences under the policy have seen a positive return to work for some of these employees. In terms of short term absences the main reasons for short term absences for Q4 was colds/coughs/flu, covid (including side effects of the vaccine or self isolation), or anxiety/depression/stress. We continue to offer support to all employees around their wellbeing by way of wellbeing check ins, employee assistance programme, regular 1:1s and team meetings, Mental Health First Aiders, wellbeing teams channel, wellbeing sway site, lunch and learn sessions and encouraging a form of physical activity. |

However is still lower by 0.2% than at the end of the year prior to the commencement of the global pandemic. No formal enforcement action took place until August 2021 giving the Debt Recovery team a very short timeframe to make up for the collection losses experienced during the pandemic. However during this time the back office team have worked hard to reach out to customer and use a more proactive approach to reducing customer arrears. The team have not only looked at cash collection but by assessing customer income/financial circumstances to see if Council Tax Reduction and or other discounts and disregards are applicable along with working with external partners and organisations to assist the most vulnerable in our community together with many referrals to our own Community Engagement Team and applications for discretionary payments. Also we have used the bad debt provision to assist with previous years arrears. |

New claims for this quarter and year to date remain at target despite increased call on resources for other activities and loss of experienced members of staff. With fewer new claims received due to changes in legislation where fewer are left eligible to claim Housing Benefit rather than Universal Credit Housing costs, it is the more complicated cases of temporary and supported accommodation which the team are to deal with. By the nature of these vulnerable tenants obtaining documentation with the month that legislation requires us to give customers to do so makes targets less than one month quite a challenge but one that we are meeting with careful monitoring and chasing customers and relevant organisations in order to get Housing Benefit in payment at the earliest opportunity |

Approvals for new homes help towards the Borough's supply of homes, specifically the required five-year housing supply (published annually). The total for 2020/21 is lower than previous years. This is likely due to an increase in extensions to existing dwelling since the pandemic, lack of available land (we need the Local Plan to be adopted to unlock green belt sites) and people turning their focus to home renovations. Not measured at this point. Due to the introduction of a new monitoring framework this year, the 2021/22 result is not yet available. |

| | Residual household waste per household (kg) | Quarterly | 137.13 | 132.1 | 130.45 | 130.22 | 125 | Amber | 150 100 50 0 Q2 Q3 Q4 Q1 | 128 | 125 | Amber | The target has been changed from 109kg to 125kg in 2022/23. The figures still need verification by ECC but the number of kg's per household is returning to more pre-COVID levels. |
| and | Percentage of household waste arisings which have been sent by the authority for reuse, recycling, composting or anaerobic digestion | Quarterly | 42.04% | 38.72% | 35% | 40.00% | 45% | Red | 60% 40% 20% 0% Q2 Q3 Q4 Q1 | 39.40% | 45% | Red | The target has been changed from 53% to 45% in 2022/23. Whilst the figures are still to be verified by ECC, recycling is seeing an increase possibly due to more of the population returning to normal working practices away from the home. |
| Street Scene and Environment E03 | Paper and card recycled by tonne | Quarterly | 652.73 | 668.4 | 716.42 | 589.0 | 763 | Red | 1000 500 0 Q2 Q3 Q4 Q1 | 582.7 | 763 | Red | The target has been changed from 600 tonnes to 763 tonnes in 2022/23. With the working population returning to the office, this commodity is seeing the majority of falls in recycling and the blue recycling sacks were getting heavier during Q4 of 2021/22. |
| Street Scene and Environment E04 | Cans and plastic recycled by tonne | Quarterly | 205.8 | 198.3 | 199.88 | 196.6 | 225 | Red | 240 220 200 180 160 Q2 Q3 Q4 Q1 | 193.3 | 225 | Red | The target has been changed from 200 tonnes to 225 tonnes in 2022/23. Tonnages are falling in this area, but due to the commodity being light in nature it is only slight variation. |
| Street Scene and Environment E05 | Mixed glass recycled by tonne | Quarterly | 543.76 | 503.9 | 503.41 | 484.5 | 600 | Red | 800 600 400 200 0 Q2 Q3 Q4 Q1 | 482.1 | 600 | Red | The target has been changed from 550 tonnes to 600 tonnes in 2022/23. With people returning to normal from the pandemic, home entertaining is falling as residents return to the High Street. |

| Street Scene and Environment E06 | Food waste recycled by tonne | Quarterly | 307.2 | 312.5 | 299.8 | 250.8 | 350 | Red | 400 300 200 100 0 Q2 Q3 Q4 Q1 | 250.8 | 350 | Red | The target has been changed from 300 tonnes to 350 tonnes in 2022/23. As per mixed glass above. |

| Street Scene and Environment E07 | Garden waste recycled and diverted from landfill per tonne | Quarterly | 1672.6 | 1169.5 | 684 | 1310.3 | 1375 | Amber | 2000 1500 500 0 0 0 22 Q3 Q4 Q1 | 1310.3 | 1375 | Amber | The target has been changed from 1300 tonnes to 1375 tonnes in 2022/23. This is very seasonal commodity. The spring growth was very healthy and produced a lot of waste. The recent dry spell will see this fall for Q2 as a result. |
| l Health EH01 | Food safety/ hygiene standards in food premises - % of broadly compliant food premises | Quarterly | 96.21% | 96.19% | 98.08% | 97.75% | 97% | Green | 100% 95% 90% Q2 Q3 Q4 Q1 | 97.75% | 97% | Green | During Q1 we have had a number of new premises registrations (which are uncompliant until inspected). We are continuing to find premises which are at a lower standard of hygiene than pre-Covid. |
| l Health | Service requests investigated within target time (5 days) | Quarterly | 62.50% | 65% | 57% | 59% | 100% | Red | 100% 50% 0% Q2 Q3 Q4 Q1 | 59% | 100% | Red | The first quarter of 22/23 has been a very challenging time for the Environmental Health team, with a record number of service requests coming in. In spite of the larger number of requests, the team have managed to slightly improve their response speed. We will be working further over the coming months to improve yet further on this performance. |

The implementation of the new Home Options website will also now allow applicants to submit documents directly to their housing register applications which will improve our current processing times. We estimate that applicants will continue to steadily increase as more people begin to satisfy the council's 5 year residency criteria. |

Invoices are being paid within terms a lot more regularly, so should see an improvement moving into Q2 |
| Finance F02 | % of invoices from all suppliers paid within 30 days | Quarterly | 92.12% | 91.90% | 93.52% | 94.68% | 95% | Amber | 100% 90% 80% Q2 Q3 Q4 Q1 | 94.68% | 95% | | The KPIs show the best result and the closest to the target of 95% over the last 4 quarters, therefore it appears that No PO No Pay is having a positive affect on invoices overall. We did anticipate the KPIs to take a dip while officers adapted to the new procedure, but seems it has been implemented in departments very well. |

| Human Resources HR03 | Number of days sickness lost per month | Monthly | Jul 176 Aug 186 Sep 147 | Oct 202 Nov 168 Dec 154 | Jan 187 Feb 216 Mar 231 | Apr 170 May 205 June 179 | No Target | No Status | 200 150 100 50 0 Jul Sep Nov Jan Mar May | 554 | No Target | | This PI reflects the number of working days lost to sickness each month. Absence figures for Q1 compared to this time last year have increased in April and May, however we saw a decrease in June. This is due to a number of employees off due to long term absences (28 days or more). With the main reason for long term absence being long covid, injury/fracture and a heart condition. We continue to support managers over the first quarter and through managing absences under the policy have seen a positive return to work for some of these employees. In terms of short term absences, the main reasons for short term absences for Q1 was colds/coughs/flu, covid (including side effects of the vaccine or self isolation), or anxiety/depression/stress. We continue to offer support to all employees around their wellbeing by way of wellbeing check ins, employee assistance programme, regular 1:1s and Team meetings, Mental Health First Aiders, wellbeing teams channel, wellbeing sway site, lunch and learn sessions and encouraging a form of physical activity. |

| Revs & Bens CT01 | Council Tax collection | Quarterly | 56.30% | 83.30% | 97.60% | 28.80% | 29% | Amber | 100% 50% 0% Q2 Q3 Q4 Q1 | 28.80% | 29% | Amber | In year collection for Council Tax is where we expect it to be, not quite at target, but very close. Customers are finding themselves in financial difficulty due to the general rise in cost of living, including energy bills. We continue to support through our outreach programmes led by our community and welfare teams, that offer support and advice with money and debt management amongst a whole plethora of other services. Previous years' collection is more challenging and is also impacted by refunds, write offs, the age of the debt and what recovery actions are available. The back office team are being proactive in their approach to cases where no payment has been received. Customers have been contacted for help, support and advice. Together with this the team have actively dialled out to customers to offer the same along with adjust instalment plans. |

Our DWP relationship manager has confirmed that they were expecting a reduction in overall processing times and that all authorities have experienced the same issues due to the energy rebate payments. We have dedicated officers working on new claims to ensure these are processed as quickly as possible to alleviate financial hardship. However we do have to rely on customers providing information, which builds in delays that are out of our control. We use email or text messages to ensure the information we need is provided quickly. |
| Revs & Bens CT05 | Housing Benefit and Pensioner Council Tax Support - time taken to process Change of Circumstances (days) | Quarterly | 5.5 | 6 | 3.5 | 12 | 6 | Red | | 12 | 6 | Red | Change of circumstances have become more involved for various reasons including; the calculation of customers earnings being more complex to assess due to the nature of a customers employment. The increase in zero hour contracts and more frequent changes to wages from month to month has made these assessments more complicated and time consuming. We have also seen additional daily customer notifications from the DWP for customer entitlement to Universal Credit, this information can be duplicated, can be incorrect or incomplete, but each piece of work has to be scrutinised before a decision on each can be made. This makes it a resource intensive process. |
| Revs & Bens CT07 | Council Tax Reduction scheme for working age persons - time taken to process new applications (days) | Quarterly | 3 | 2 | 2.5 | 3 | 3 | Green | 4 3 2 1 0 0 2 0 2 0 2 0 3 0 4 0 1 | 3 | 3 | Green | Our days to process new applications remains on target for the first quarter. We have dedicated officers working on Council Tax Reduction applications to ensure these are processed in a timely manner to ensure that accounts are up to date so that residents made aware how much and when they are required to pay their Council Tax. |

By default, if a user is inactive for 30 minutes or more, any future activity is attributed to a new session. Users that leave your site and return within 30 minutes are counted as part of the original session. A new corporate website was launched in June 2021, which now includes Cookie consent. We will continue to monitor trends associated with this across 2022/23. |
| Contact Centre CC05 | Time taken to answer calls (seconds) | Quarterly | 71 | 83 | 108 | 129 | 60 | Red | | 129 | 60 | Red | Benchmarking across Essex reports varying targets for time to answer. We have set our target relatively low in recognition of the important of maintaining a good level of customer service. Current trend - There has been an increase in demand following the Council Tax Rebate throughout the quarter. We are still operating with 1 position vacant. |
